

We are Gardens Oy Vey, A Nursery Inside A Garden, Arlington TN

The nursery is owned by Diane Meucci, a Chicago native, is the designer, grower and maintenance woman of the operation.

We have changed the nursery in the last two years to an 'Online Nursery' only, Visits and purchases are by appointment.

Wolfgang Marquardt, native German, is the other part of this Mom and Pop business. He is the propagator, web master, shipping person and events and markets coordinator.

Liam Boyd from a farming family North of Memphis TN, has been with us as a part time hand for about four years now and as proven to be a valuable asset mainly to the market and events part of the business.

When he does not work with us, he is busy with growing rare and unusual vegetables for Memphis restaurants and markets.

Over the last few years we have specialized in unique rustic miniature gardens. There is something for everybody.

We have 'Indoor Low Light Gardens', winter hardy 'Outdoor Shade Gardens', winter hardy 'Sun Gardens' and 'Indoor Sunny Window Gardens'.

All are 'Hypertufa' containers, a mix of portland cement, peat moss and sand.

We will have printed care instructions with each container, so don't be afraid you can keep them alive.

Prices range from \$18.00 to \$180.00 for our larger containers

Liam Boyd puts most of these together, in the picture he demonstrated how he does it at the Dixon Gallery and Gardens.

For the Oxford Garden Club we will present a similar demonstration.
