

We do not Guarantee the Life of Plants.

Our Soil Prep is Precise and Exceptional as Reflected in the Pricing of Soil Materials and Labor.

Our Plant Selection is Exceptional and Precise as to your Ecosystem and 30 year of Selection and Education based on 30 years of Trials in Hundreds of Gardens.

We Will Always be Available to Consult with you by Telephone to insure your are Caring for your Plants Properly.

We have Included Large Amounts of Soil Prep and Finish Mulch.

To Insure Plant Viability as well as Proper Mulching to Achieve all Goals. You will need to Re Mulch in 2-3 years...then annually.

Feed every Valentines Day.

You Will need to Water Deeply the First Few Days...Then Every other Day.... then 1-3 x a week Thru First Year. After That you will only need to Water June thru Oct. When Temps are above 80 degrees...and rain is scarce.

Long Term Over Watering Causes....Insects. Disease. Death.

We choose to Provide High Quality Work. We Do Not Install Shrubbery that requires Monthly Maintenance. Prefer Design that Requires Annual or Quarterly Maintenance.

Thank you.

Diane Meucci. Gardens Oy Vey.
